Drew,

We can accommodate any type of pipe with that headwall.

Currently we are not offering gates as an option.

Freight to Loyalton California would be approximately \$8,495.00. This would be recalculated at time of order.

Best Regards,

Daniel

Hi Daniele,

Thank you for that. Which pipe material is required for that Headwall? Also do you supply them with Gates, and how much is it to have it delivered to Loyalton California?

Thanks,
